My dear Warden Ed Ketchum,
Your splendid letter & news
of so much in Elgin County has been
delivered. I take up pen & must
ask you to remember in my 100th
year it contains serious problems
of literacy. These have also been
complicated by old war wounds in
my right hand. But I do ask
you to accept my warmest

good wishes for the County of Elgin

I learn that new Industrial activity is
promised; & trust that the memory
of my great grandfather will ever
preside over the Re-Natal of Industry
in the County.

With best wishes for the Future

5 July '24

Elgin.
