

HOSPICE OF
ELGIN

A photograph of a sunset over a field of tall grass. The sun is low on the horizon, creating a bright glow and long rays of light. A tree branch with green leaves hangs down from the top right corner of the image. The image is partially covered by a dark blue semi-circular shape on the right side.

Imagine...

- Suffering in pain in your final days
- Worrying about how your family will carry on after you are gone
- Dying all alone
- Struggling to cope with the loss of someone you hold dear

This is Why Hospice Matters

1 in 4 Caregivers
report fair to
poor mental
health

Caregivers spend
30 – 40 hours per
week delivering
direct care

For every individual supported by Hospice, on average 4 others will
access grief and bereavement or other services
